Our Scots logo

We launched our Scots logo on 21 February 2022 for International Mother Language Day.

We are the first funder in Scotland to have a Scots language logo, which organisations can display on historic sites, at events, in project materials and online to acknowledge and celebrate our funding. It comes in addition to our Scottish Gaelic logo.

We're excited to see projects begin to use it and for Scots speaking communities to enjoy seeing their own language on their local heritage.
