Happy New Year! We're kicking off 2023 with an online celebration of fantastic heritage.

Our annual Heritage Treasures Day takes place on **11 January**. It's a moment to share inspiring projects and highlight rich and diverse heritage across the UK.

We set it up in 2017 and since then it has grown each year, with us reaching number two on Twitter trends last year. Let's see if we can get heritage trending again!

How to take part

Head to social media on the day, select a heritage example that means something to you, and then write your own heritage social media post using **#HeritageTreasures** and tag **@HeritageFundUK**.

You could choose an inspiring collection item, public park, a winter walk, your favourite museum, or a local history story. Perhaps you've enjoyed some innovative heritage online, or the staff and volunteers at your venue are your heritage treasures.
