

£15.6million funding boost for natural heritage across the UK

30/09/2022

Children taking part in activities next to the River Eden

Eleven projects have been awarded a share of £15.6million National Lottery funding to support nature's recovery – and we want to support more.

Since 1994, The National Lottery Heritage Fund has awarded over £1.8billion to more than 4,200 land and nature projects across the UK. This latest round of 11 projects will protect nature and inspire communities to play a vital role in securing a thriving future for our natural world.

“These projects will help to ensure our natural heritage is preserved and enhanced for the benefit of all.”

Eilish McGuinness, Chief Executive of The National Lottery Heritage Fund

Rivers and lakes

After a dry summer when scientists emphasised the impact the climate emergency has had on the UK's waterways, five new projects will rejuvenate rivers, lakes and wetlands.

Over £5m is set to benefit the River Sherbourne in Coventry, the River Leven in Fife and the River Eden in Cumbria, whilst a 10-acre lake in Devon's Stover Park and wetlands in the South Downs National Park will also be revitalised.

The projects will restore priority habitats and support a range of threatened species, including downy emerald dragonflies and little ramshorn whirlpool snails. Waterways will be enhanced so they are more accessible, better connect urban spaces and inspire people to care for nature.

Boosting landscapes

Thanks to a further £10.5m National Lottery funding, new life will be breathed into Haigh Woodland Park in Wigan and the 'Lost Woods' of Low Weald and Downs in Sussex, while habitat for pollinators will be restored at several parks across Belfast.

Heritage and nature at Birmingham's Botanical Gardens and Nunhead Cemetery in London will be rejuvenated and protected, and Beckford's Tower in Bath will be restored and reconnected to its surrounding landscape.

Preserving natural heritage for all

Eilish McGuinness, Chief Executive of The National Lottery Heritage Fund, said: "I'm delighted that, thanks to National Lottery players, we are supporting projects which recognise the vital role of rivers and lakes as the lifeblood and heartland of communities.

"These projects, as well as a raft of others focused on our woodlands, parks and gardens, will help to ensure our natural heritage is preserved and enhanced for the benefit of all."

Funding nature projects of all sizes

Do you have a project idea that can combat the effects of the climate emergency and support nature's recovery? Please get in touch – [funding landscapes and nature](#) is one of our key strategic funding priorities.

“We are keen to support projects of all sizes that support nature's recovery, deliver nature-based solutions to address the climate crisis and help people reconnect to nature.”

Drew Bennellick, Head of Land and Nature Policy at The National Lottery Heritage Fund

Drew Bennellick, Head of Land and Nature Policy at The National Lottery Heritage Fund, said: “Thriving, healthy and connected natural heritage is essential to all our futures and is our best defence in addressing the impacts of climate change on all forms of heritage.

“We are keen to support projects of all sizes that support nature's recovery, deliver nature-based solutions to address the climate crisis and help people reconnect to nature.”

Eleven projects

- **Access to Eden** ([The Eden Rivers Trust](#)): £181,190 development* funding towards a grant of £2,071,597 total grant
- **Beckford's Tower** ([Beckford Tower Trust](#)): £3,340,600 total grant
- **Birmingham's Botanical Gardens** ([Birmingham Botanical & Horticultural Society](#)): £590,814 development* funding awarded towards a £5,000,000 grant
- **Haigh Woodland Park** ([Wigan Council](#)): £4,037,500 total grant
- **Leven River Park** ([Green Action Trust](#)): £246,857 development* funding towards a grant of £3,129,213
- **'Lost Woods' of Low Weald and Downs** ([The Woodland Trust](#)): £2,321,100 total grant
- **Nunhead Cemetery** ([Southwark Council](#)): £108,294 development* funding awarded towards a £2,888,680 grant
- **Pollinator highways, Belfast** ([Buglife](#)): £179,294 total grant
- **Restoring Stover Park** ([Devon County Council](#)): £2,425,900 total grant
- **Sherbourne Valley Project** ([Warwickshire Wildlife Trust](#)): £2,069,200 total grant
- **South Downs National Park** ([South Downs National Park Trust](#)): £130,511 development* funding towards a grant of £1,418,905

*Projects that apply for grants of more than £250,000 must first develop a detailed project proposal through a development application before they apply for a full grant.
