11/12/2023

A person who took part in our New to Nature scheme.

We're kicking off our 30th birthday year by celebrating our rich and diverse heritage on Heritage Treasures Day!

Join us on 11 January on social media to highlight your heritage people, objects, places, and stories. 1000s of people posted last year and we reached millions of people on the day – so let's get heritage trending.

How to get involved

This year we're asking you to nominate your #HeritageTreasures person! This could be a project leader, a volunteer, a project participant, a placement trainee or someone who has made a difference to your heritage project.

You're also welcome to share your favourite heritage objects, stories and places too.

Share a picture, use the #HeritageTreasures hashtag and tag us in @HeritageFundUK on Twitter/X and Instagram.
